A Messenger's MesSAGE

"In ancient times a SAGE was a messenger, delivering profound truths to an individual or a collective group" ... Here is your MesSAGE for the next 4 months ...

IF YOU WERE BORN IN:

JANUARY: It is your time to enjoy recognition for who you truly are! Continue to open fully as you reap your rewards for doing so!

FEBRUARY: Clearing away anything that no longer serves you is setting the motion for wondrous changes coming to you this year!

MARCH: Reaching a plateau through trust has brought you new experiences of great joy. Show others how simple this truly is!

APRIL: Your experiences have proven that life unfolds in magical ways when one accepts that this is so. Much simpler than you thought, isn't it?

MAY: Synchronicity is leading to the highest & best for you, laying foundations for your future. Simply watch it magically unfold!

JUNE: Things seem to be appearing out of nowhere for you; this is the new magical vibration you have been waiting for. Enjoy the ride!

JULY: There is an integration that has taken place within your being. This has centered you in who you truly are, which allows you to simply be you!

AUGUST: Another aspect of yourself has come to light, surprising you with your innate wisdom from within. Acknowledge this with self love & gratitude!

SEPTEMBER: You are in a place of clearing & preparation for your future. Simply open to receive your new experience; it will magically show up!

OCTOBER: You are on the brink of all the pieces coming together. In this integration, new form will set the tone for the future, revealing grace!

NOVEMBER: There is an acceleration in your being, moving you magically forward. This is spirit in motion, aligning changes for your future!

DECEMBER: There is a sense of alteration in your being that has taken you to an expanded awareness. These new perceptions serve you well for your future!
