**SHINE with LOVE from the INSIDE Out  
with The Grand Council of Light**

**We are the vibration of the 999**  
speaking to you through the energetic  
system of what you know as the Grand  
Council of Light which is a closer  
match to your patterns and thus a per-  
fect buffering for the intensity of the  
Loving Light that is our code.

Today we welcome you to the real-  
ity of the most outrageous times in the  
Universe. Times we say that are over-  
flowing with goodness - power and  
responsibility. The new energetic sys-  
tem we spoke of early in your new  
year, the ~ 555:777:999 ~ is now  
fluidly-solid in it's foundational layer.

There will be no going backwards  
this time. This time you are ready! We  
already see a direct and focused  
spiraling upward as this system nur-  
tures itself into place, and stabilize it  
shall over the next 6 months of your  
time. You may perhaps notice an in-  
crease in the vibrations around you as  
you draw closer to the days of the 777  
(July 7/07). Certainly you will know  
the difference by the time the month of  
November arrives this year. That is the  
time we call the 11:11:11 gateway  
gathering. This year an experience  
worthy of preparation.

This vibration of 555:777:999 por-  
tal of possibility is pristine in its per-  
fection. **It demands accuracy of the  
heart to fully utilise its resources.**  
There is nothing to fear and no exclu-  
sions present...you will access its po-

tential in your own way and your own  
time. **The more loving and under-  
standing you become - the wider the  
gateway opens for you.** Your experi-  
ence each day will be different...as you  
practice living in the beloved present.  
Each day a new opportunity, a gift, to  
realize the beauty and joy of being  
consciously attentive to everything  
around you. Trying as best you can to  
leave timeless invisible footprints of  
healing golden love everywhere you  
travel...is a worthwhile goal

This will be a time of great rejoic-  
ing for many of you who have watched  
in bewilderment as some of your com-  
rades have lived their lives in unkind  
and thoughtless ways. We say now  
your persistence and 'refusal to slide  
through life' verses being energeti-  
cally conscious' of the trails you've  
left behind...will pay off now. Perhaps  
you have felt that no one on planet  
earth has ever noticed the good you  
have done. Indeed perhaps this is  
true...who cares we say! **What mat-  
ters is YOU noticed and did not give  
up, and now, the whole universe can  
see the accumulated effect of your  
love.**

It appears your hearts have created  
a jump-start position for you this time  
round. Your persistent diligence, as  
you practiced over the years to be  
mindful and aware of others around  
you, has created a consciousness pow-  
erful enough to neutralize unkind words  
and actions. Look at you, doing your  
best to live as the Ancient Masters of  
Transformation would live - were they  
here to do so. Still some of you desire  
to call those old ones to return, LOOK  
we say, return they do not - instead  
they have trusted YOU with their past  
positions. Imagine that!

**Imagine that!**

Assist you they do - but trust you  
to carry on where they left off. The torch  
is yours now. You know, if you search  
your hearts, that it is true.

Every step you take now is an opportunity to practice reflecting the Love within, that has been dormant for eons. With the aligning of the 555:777:999 layers, it will be so much easier as your collective consciousness speeds along at the mileage of light.

Thus it is with great joy that we communicate with you this day, for it is indicative of how the human form has accelerated closer to the light over the past few years of your time. Closer and closer you are to the creative heart and soul of your inner and outer universe. Closer with every loving breath you take to recreating heaven here on earth.

This concept of positive creation causes some of you to step back...could this really be possible? AM I really ready? Indeed we would remind you that you have ALLways been ready in your heart of hearts, but the human mind is finally catching up. Yes indeed, that old mind that has been a constant voice within - questioning every move you have made, demanding explanations when none were possible or necessary. That old mind has finally, with divine guidance, chosen to relinquish some control. **Note the word chosen!** That is the catalyst for transformation within everyone. That is a key ingredient in the formula for success beyond measure. If you want to be one of the chosen ones - simply choose yourself. There are no tryouts or eliminations on this team - you rise up, you commit! Simple as that! The second you remember to choose yourself/love, instead of fear, anger, revenge or a host of other emotions that constantly wear you down and hold you back, you are already on the fast track.

-----  
**DIVINE LIGHT**  
**merging with**  
**DIVINE LOVE**  
-----

This is the rocket fuel that has the power to propel you beyond your old consciousness into a state of Divine Trust - where the word Divine has nothing to do with religion. DIVINE is a state of BEing. A place where the White Light of Integrity within, chooses to be in command once again. Chooses to LIVE the dream this time rather than be an idle spectator.

We call to the Ancient System Buster within you to begin to remember the truth of the PURE LOVING Vibration that is truly you. Remember the ultimate joy of breathing truth - in and out - truth mixed with a sincere desire to be the best

reflection of your source within the Universe. Imagine how wonderful you feel when you have nothing to hide. Imagine how peaceful when there is nothing remaining worth worrying about. Nothing left with any power over you ... steady, stable ... energetically precise! It is not that you are flawless yet, rather that each time you stumble, you get back up and start again. You get back up, without feeling guilty because you fell, but full of glee, rejoicing at how quickly you bounced back on your track again.

The precision of your renewed energetic imprint, lends itself to a quickening within, accessing a stream of higher consciousness just waiting to serve you. It is a time to give and receive freely as you step forward when you hear your Ancient Voice call from deep within the inner pyramids of transformation. That vibration is of the White Light of Integrity that now resonates and awakens a force within, that is gently sweet yet still invincible in its capacity to align you with the power of your truth.

Without a doubt these are the days to practice unconditional love at every opportunity, to prepare yourselves for the gateway days... Guardians of the Gateways. Yes, it is time to practice..as old habits that do not serve you relinquish their hold ...practice makes perfect... Begin to take charge of your lives now.

As each one comes a little closer to that state of fearlessness, it makes the same pathway brighter-easier for the others. Energetic trail blazers we have called you on more than one occasion - the name still stands. What a gift to be able to share your success. What a gift to know, as you share your rising state of awareness, that others are also serving you. Imagine that between the lot of you, there is ALLWAYS at least ONE bright and shiny BEing, the Light of the source from whence you came. Standing on guard for thee.

Today we are here to confirm for you that the brilliance of the light shining from within Planet Earth, from your own focused intention on the surface - is being noted far and wide. The light now, is ALLways on. There are enough of you embracing the shadows, loving the ones trying to cause you trouble, inviting a new consciousness to reign, where everyone has the ability to share in the goodness. Yes, enough of you weaving a new invisible tapestry of sound : light : colour. A tapestry so exquisite in its perfection, that ALL who see or feel its presence will also desire to BE ONE.

**These ARE the Golden Days of Transformation!**

*Prepare if you will,  
For The Freedom to Change Your Colours!*
