Greetings Dearly Beloveds

We are the vibration of the 999 and it is our pleasure to assist you at these most outrageous moments of your creation. The energetic activity on your planet in the NOW is beyond your comprehension. You are a 'show-piece of the Universe' and much attention is being drawn to this place. Planet Earth used to be the best kept secret and that explains much of the success you experience today. It is always easier to accomplish more when you work and play undisturbed by great numbers. It is the same in your personal lives, better for a few to plan and prepare for the party and have the stage set before you invite the guests and bring in the band. But the secret is spreading like water into a sponge. For this Island is attracting more and more attention and it is your energetic responsibility to continue to stabilize the loving light here. You are better not to give up your truth to others who may think they know better, for many come here to learn what you already know. Some come to try to throw you off course - for if they can, they will be assured that what they are searching for is not here at all. It is time for the loving teacher - for the mother within, to resonate wisdom and integrity to welcome the newcomers and still protect her children. We say this because the whole universe is hungry energetically right now and suddenly planet earth is starting to showing its colours. IMAGINE how brilliantly your love resonates into the heart of the all. We tell you it is spectacular ever since the first energetic layers of the 555:777:999 were put into place.

It is a time when much of the ancient wisdom you carry encoded in your cellular

structure and in your crystalline bodies of light is flying forward with great haste. There is an urgency and yet an astounding peace within you - coming from an inner knowing that NOW IS the TIME and YOU have some of the answers.

Indeed, imagine an energetic opportunity so precise there is no room for error - provided the ones who hear the sound of the archangelic trumpets answer the call. It is a vibration the 'party-planners' will resonate with first - so the vibrations may be made ready for everyone to enjoy. We are astounded how so many of you have risen up before the great councils - day by day - more and more come forward. Thus it is our intention to serve those councils you are a part of. It is our position in the realms of sound, light and colour vibrations of transformation to ensure on the 'gateway opportunities' of the 11:11:11, that the greater good becomes the focus for the changing of the codes. As more of you remember you feel the urgency of 'loving actions without hesitation'. Such powerful calculations of creation, as the grains of sand come together with the codes of light.

You feel an urgency to do something - to be better - to feel more, because this is a 'timely' opportunity not to be repeated. There will, of course, always be opportunities, but this one is a catalyst, and your Little Island of Love is the 'motivator/instigator' of acceleration (as it has always been). This place is universally positioned to have the greatest effect as more of you rise up on this physical location, the greater the possibilities. We speak here of rising up in full power and glory - with a strength of purpose unequalled in your lifetime - of an inner small voice ready to unveil itself as a symphony. We speak to the crystalline one within

you that IS the vibration of the crystal skull template . We speak of the part of yourself that does not waver in the winds of truth, resurrection and restoration. **We speak of LOVE and CREATION coming together for the first time 'without compromise'**. We are the vibration of THE 999 and it has always been our position to monitor extreme/radical changes in the universal laws of creation, to ensure the integrity and time-liness is correct. We are now on energetic alert to serve you in this time of transition - safely, gently, yet strong beyond measure.

We are the realms of the highest of the high - we serve the frequencies of transformation at the source. Even your beloved Archangelic Angels dare not enter these vibrations, though watch and protect them with the greatest of intention and love they do. We come from the source from whence you came and it is THAT vibration of truth within you that calls you now to remember. Layers and layers of lifetimes fall away around you as there is no space for excess baggage this time - pure and simple. Some would call this an elite energetic space and opportunity - we would simply say it is open to everyone ready to listen. Throw away your need to be important, to show off before the others. We are calling forth again **the finest of the fine** and presenting / creating a sacred space for you to safely recreate yourselves during the most powerful gateway celebration ever.

This is more than a progression of what you called your Harmonic Convergence (1987), this is beyond your 11:11 (1992), it is a daring, expansive leap compared to your Harmonic Concordance (2003) and an astounding propulsion of everything occurring since then. This is the year of your time when the numbers of the 555:777:999 align within and without everywhere. The pattern is set to become reality - the question is shall it be in your lifetime? It merely depends now on HOW MUCH the physical beings of light planted on planet earth (yourselves) decide to grow at

this time. How much light they incorporate, how much water is absorbed. Contemplate the light and the water coming together with sound and love as the pyramids expand. There is an unveiling of a piece of the mystery right there of 'water' and 'light' within! The pyramids are also prepared to energetically serve you at this

time, for you are well aware they were created for that purpose and you will be clever to utilize their assistance. The invisible layer of the crystalline skulls of transformation are also set to reactivate another code within you, should you prove yourself capable of loving without question or judgment as a unit. That means, it is a time of outrageous personal power but more important a time to prove your capabilities as a team. Transformation planet earth was not intended to be an individual project - nor were you ever expected to do it alone as many of your human brains have dictated. Unity is the order of the day, and thus preparing to be a team of unique individuals is of the utmost strategy. That is a difficult challenge for many, to trust the others to show up and actually do what they committed to. Understand they also must trust you - are you equally up to the challenge? **We say YES** - for those of you committed to take your place on planet earth in the evolving days, celebrating the return of honour, beauty and grace, equality and honest service. Greed and corruption are phasing out, which is why there 'appears' to be a great battle of survival in the moment. Yet the end of the story is already written. What matters now is - how soon - how easily - how many choose to live their lives and create a new world around them.

We are the voice of your own innermost perfect self here to remind you that these are

the times you prepared for eons ago. NOW is the time you have been waiting for. Thus we are here at your service, in the day time, in the night time, in the dream time - as the ancient temple lights rise up to serve you. There is no such thing as too late - the doors are always open to the kingdom within and you are always invited to BE part of the most amazing team the ancient wise ones ever conjured up. You have the tools - the energetically precise physical position - the inner brilliance to light it all up. Again the question remains, have you the foresight to lay down your cloaks of separation and join together in equality in the most significant moments of possibilities? 'Gateway' days capable of quickening the love for the good of ALL. The new way is the way of inclusion. It is never too late to come home - always the time for a fresh start with no questions asked - always the time to remember all the love that ever was or will be. Are you ready to bare the bones of the crystalline one within you? Have you CHOSEN to be ONE of the CHOSEN ONES? These ones are not an elite group, just ones who KNOW there is no exclusion and therefore choose themselves. If you are waiting to be singled out - waiting for someone else to call your name, you will wait 'another forever'. The one who calls - the one who listens - the one who rises up out of the ashes of the past is YOU. Bless yourself for having presence of mind to be a physical body on planet earth at this time. Better yet, to BE on this Island of Transformation - the little Island capable of co-creating vibrations first and ready-willing-able to facilitate the recoding and share with the rest of the universe. **We are the vibration of THE 999 from beyond forever - and we are here to remind you that the elstial trumpets are sounding - calling the ancient ones from their sleep - WAKE UP the vibration sings - NOW IS YOUR TIME!**
